

JEUGD FONDS

SPORT & CULTUUR

**No money to
participate?
We help!**

If there is not enough money at home, the Youth Fund Sport & Culture helps.

We pay the contribution / tuition and possibly the equipment such as sports-wear, dancing shoes, and the rent of an instrument.

Check our website for the maximum amounts and conditions.

How does it work?

Step 1. Ask the teacher, the neighborhood sports coach, debt counselor, neighbourhood care teams if he/she can make an application for you. We call the person submitting the application 'the intermediary'.

Step 2. The intermediary, in consultation with you, submits an application for a year via Jeugdfondssportencultuur.nl

Step 3. The intermediary will usually hear within a week whether the application has been approved or rejected and will let you know.

Step 4. If the application has been approved, you can register your child at the sports club, dance or music school or organization where your child wants to take lessons.

We pay the contribution / tuition directly to the sports club / teacher.

You do not receive any money yourself.
